

## 1. RMS

Secretary position

As I mentioned earlier, my time in 2018 and part of 2019 will be limited because of our commitment to serve a mission for the Church of Jesus Christ of Latter-day Saints.

However, with the help of lap tops and phone connections, etc. , I can devote time to communicate with SW Chapter members and encourage their submittal of stories, ideas, poetry, art, Ammo Can Diaries, etc. for the Journal.

I can also participate in phone conversations among officers and members and provide ideas and suggestions.

## 2. RMS

Biography

Greg Trainor

Retired from the City of Grand Junction in 2015 as the Public Works and Utility Director of that municipality. My tenure in Grand Junction lasted 28 years. I was active in water matters representing the City to protect its water resources on the Grand Mesa as well as on the Colorado and Gunnison Rivers. I was also active in Colorado River Basin representation as part of the State of Colorado's development of a Colorado Water Plan.

During these twenty-eight years, I served two terms as president of United Way of Mesa County, president of Friends of Westwater Canyon, and, of course, active in the River Management Society, acting as Secretary and coordinator of several ranger rendezvous activities.

Various positions prior to 1986 were as job site coordination for the Battlement Mesa New Town, Town Manager of the Town of Rangely, Colorado, and project manager with the Colorado River Water Conservation District on the Taylor Draw Dam and Reservoir construction.
