Dear MRBA,

On behalf of the Board of Trustees/Selectboard for the municipality of _____, I hereby express my support for the Missisquoi River Basin Association and its effort to apply for the Missisquoi River's designation as a "Wild & Scenic River". The Missisquoi River is a tremendous natural resource and this would be an appropriate distinction for the river.

The study that will be prepared as a first step towards acquiring "Wild & Scenic" designation, will be very beneficial to our community.

If there is anything that our municipality can do to help you further your efforts, please let me know.

Sincerely,
