Printing Your Permit: You will be allowed to print your permit 14 days before your launch date. Changes cannot be made to the permit once it has been printed. Do not print your permit until you are sure you will not be making any changes. Either a paper copy or digital copy (PDF) of your printed permit will be accepted and must be presented when requested. You have to print the permit from your recreation.gov account (whether on paper or as a PDF) for the permit to be considered issued. The confirmation email will not be accepted as proof of a permit.

Cancellation Policy: There are no refunds for canceling a reservation once you have printed your permit.

Reservation Changes: Changes to the number of watercraft on the reservation are allowed at any time prior to printing your permit. Increasing or decreasing the number of watercraft will incur additional fees/refunds. Changes to your trip date will require you to cancel your current reservation and reserve the desired date if permits are available. A transaction fee will be applied to the new reservation.

Additional Information: Each reservation is limited to a maximum of eight watercraft. A maximum of four reserved trip dates, made one at a time, including a holiday weekend, per person, will be allowed.
