

RIVER STUDIES & LEADERSHIP CERTIFICATE

Photo by Tammi Laninga

LAUNCH YOUR RIVER CAREER!

Build a foundation of knowledge, skills and experience in river-based science, policy, conservation, education and recreation.

“ ”

The RSLC program provided me an opportunity to get unique hands-on learning experiences... I was able to learn about many river related topics ranging from river safety to macro-invertebrate sampling. I was also able to build relationships with fellow students and to work with them on several projects.

Brian Dagliano

Virginia Commonwealth University Alum
VA Dept. of Wildlife Resources
