YOUR PATH
AS A RIVER
PROFESSIONAL!**

REQUIREMENTS

Core Courses

One approved course in Geographic Information Systems, River Science, River Policy, and River Rescue.

Emphasis Area

Two approved courses in one of these areas: River Science; River-based Policy and Management; or River-Based Recreation, Education and Tourism.

Professional Area

Credit-earning internship, paid internship, paid professional experience, independent study or course-related professional experience equivalent to two (2) credit-hours.

Oral/Written Presentation

Aspect of student's work presented at an RMS Symposium or sponsored conference, or an article written for the RMS Journal about RSLC-related experiences.

BENEFITS ARE

Professional

Develop the technical knowledge and skills you need to land your dream river job! Enjoy a free River Management Society membership while enrolled plus one free year after graduation.

Personal

Join in river trips, meetups and mentoring opportunities! Meet professionals and other students who will inspire you on your journey!

CONFLUENCE OF PURPOSE

The RSLC offers undergraduate and graduate students who have become inspired to join the next generation of river professionals a foundation of knowledge, skills and experience in river-based science, policy, conservation, education and recreation. The certificate is awarded upon completion of river-focused coursework and a river-related professional project with RMS, the nation's largest professional network of river managers.
